Financial Controller

Description

Beyond strictly accounting functions, **DPHV** is looking for a professional who is a “hands-on profile” and wants to be involved in a committed and collaborative team. We are looking for someone who enjoys digging into numbers and spotting trends in order to be at the heart of strategic decisions. If you are motivated by varied assignments and aspire to play a key role in our growth, we would be delighted to welcome you to our team.

Who are we?

DPHV is a specialized engineering consulting firm that has been providing professional and technical expertise in **structural engineering** for over thirty years. Our team's experience and know-how have earned us an excellent reputation in the industry. With company development and expansion projects underway, there is no shortage of challenges!

A wide range of tasks and challenges !

As part of the gradual retirement of a key member of our accounting team, we are reorganizing our administrative structure. Your integration into the team will be part of this process, as you take the lead of the accounting department. You will be called upon to take on a variety of assignments in both accounting and administration, allowing you to play a central role in optimizing processes related to your area of expertise. Reporting directly to the Top Direction, you will have the opportunity to actively contribute to the achievement of the organization's strategic objectives, while influencing the structuring and diversification of administrative functions for years to come. Your expertise will be a valuable asset in building a high-performing administrative team aligned with the company's future needs.

Your main responsibilities will include:

- Checking current accounting operations
- Processing payroll on a weekly basis
- Managing the budgets/cash flow of the three companies which constitute the DPHV Group
- Preparing and presenting quarterly and annual financial statements
- Analyzing and interpreting financial data
- Monitoring financing agreements and their implementation with financial partners
- Prepare year-end closing and collaborate with external auditors
- Develop financial projections to support management's strategic decisions
- Validate government reports
- Manage renewals and administration of all insurance files for the three companies of the DPHV Group (group, professional, civil, cyber, property, and auto insurance)
- Plan and optimize internal procedures and policies to establish administrative and financial controls in accordance with accounting and regulatory standards

Hiring organization

DPHV

Employment Type

Full-time

Job Location

Laval

Date posted

15 May 2025

- Assist management with other related tasks

Benefits of joining our team

- Salary commensurate with your experience and qualifications
- Flexible schedule to balance work and personal life
- Group insurance program including life, short- and long-term disability, prescription drug and paramedical coverage, and travel insurance for you and your family
- RPDB program—an employer-sponsored plan that allows employees to receive a portion of the company's profits through a registered savings plan
- Stimulating work environment offering a high degree of autonomy
- Opportunities for advancement
- Social activities organized throughout the year
- Casual dress code

Your qualifications:

- University degree in finance, accounting, business administration, or a related field.
- CPA designation (preferred, but not required)
- Minimum of 5 years of experience in a similar position (essential)
- Excellent mastery of spoken and written French (essential)
- Proficiency with computer tools, including Excel (essential)

An idea, a plan... a CAREER!
