Senior REVIT Modeling Technician

Description

Is REVIT structure modeling no longer a secret for you? We would greatly like to meet you!

DPHV is a specialized consulting engineering firm that has been providing professional and technical expertise in **structural engineering** for over thirty years. Our team's experience and know-how have earned us an excellent reputation in the industry. In other words, we offer the technical agility of a large firm, but **the flexibility and humanity of an independent firm!** When you join our team, you get the best of both worlds!

Our office is located in **Laval's Sainte-Dorothée** district.

Your **advantages** in joining our team :

- A salary commensurate with your professional experience on an hourly basis – so each hour worked is paid or can be taken as additional leave
- Annual leave and sick leave
- Flexible working hours between 35 and 40 hours per week to balance work and personal life;
- Group insurance program including life insurance, short- and long-term disability, medication and paramedical care, and travel insurance for you and your family
- RPDB program – a plan offered by the employer that allows employees to be allocated part of the company's profits through a registered savings plan
- Stimulating work environment that emphasizes the versatility of team members
- Opportunity for career development and job enrichment
- Social activities organized throughout the year
- Free access to beverages and snacks at the office
- Casual dress code
- Free parking on site and/or nearby

Your profile :

We are looking for an experienced structural technician to join our building design engineering team. The ideal candidate would have solid experience in **Revit Structure** modeling and **site supervision**.

Organized by nature, you will actively participate in the coordination of several technical aspects related to construction projects for buildings or other structures, in collaboration with the engineering team. You will be responsible for completing the projects entrusted to you, within the established budgets and deadlines.

Tasks and main responsibilities :

Hiring organization

DPHV
